### KILLED IN A THEATER

Governor of Penza, Russia, Victim  
of Poisoned Bullet.

### TWO OTHER CORPSES

After Taking Life of Official, Assassin  
Shoots at People in Building,  
Rushes to Loft and Fatally Wounds Self.

Penza, Russia, Feb. 8.—S. A. Alexandrovsky, governor of Penza, was shot and killed as he was leaving the theater Thursday night. The assassin was not identified. The bullets which he used in his revolver were subsequently discovered to have been poisoned.

M. Alexandrovsky, who was well known as the chief commissioner of the Red Cross society in the field during the war between Russia and Japan, had just stepped out of the door of the theater when a youth pushed his way through the crowd and shot him in the neck. He fell dead on the spot. The assistant chief of police, who was standing near the door of the theater, tried to draw his revolver, but was shot dead by the assassin before he was able to do so.

Seeing that it was impossible to get through the crowd by the outside of the building, the murderer of the governor dashed into the theater, firing wildly. The manager attempted to grapple with the murderer, who fired at him, but missed and killed a policeman who was in the line of fire. In a second attempt to capture the assassin the manager was severely wounded. The assassin fled through what he evidently believed to be one of the exits, but found himself in the ladies' cloakroom. An attendant, realizing the situation, pointed to some stairs as a means of egress and soon the assassin disappeared. The attendant locked the door behind him. The stairs, however, only led to a loft, and the murderer was subsequently found there unconscious from a bullet wound from which he died in a hospital.

### THAW'S INSANITY.

Justice Suggested Further Competent Evidence Should Be Introduced.

New York, Feb. 8.—When Mrs. Thaw resumed the stand at the Friday afternoon session Mr. Jerome objected to further "defamation being thrown on the dead," who has no chance to answer.

Justice Fitzgerald said he thought further competent evidence as to Thaw's insanity should be introduced before further testimony along this line was taken.

"We are ready to submit the proof," said Mr. Delmas. The line of examination was changed and Mrs. Thaw was asked to identify more letters.

Mrs. Thaw's story Friday began with the period immediately following her return from Europe in October, 1903, and was brought down to the return of the girl and her husband to New York after their honeymoon trip in 1905, when she said Stanford White had called to her on the street and attempted to speak to her. She said White attempted to kiss her and she told him she wished to have nothing more to do with him. He had visited her after her return from Europe on the pretext that it was a matter of life and death and had to do with her family. He had told her dreadful stories about Harry, and "that to protect myself we must get him out of New York." He then took me to Abraham Hummel and they dictated a lot of things to a stenographer about Harry Thaw that were not true, and when I started to interrupt they would not let me and said I must help get Thaw out of New York and keep him out.

Mrs. Thaw said she signed nothing at the time, but did sign a paper she knew nothing about at Mr. White's office in response to his repeated demands.

Mr. Delmas tried to question her about some event in her life which finally induced her to accept Thaw and about a visit she received from Mrs. Thaw, but under objections by Mr. Jerome the answers were not allowed.

"Mr. Thaw told me," she said, "that his family would welcome me." Mrs. Thaw was about to tell what she knew of Jack Barrymore, whom she met at a dinner given by Stanford White when luncheon recess was ordered.

### OWEN SELECTED.

Muskogee Man Will Ask Congress For  
Deficiency Appropriation.

Guthrie, Feb. 8.—The constitutional convention Friday morning again deferred action on the Jim Crow section.

On reconsideration the employers' liability clause was amended so the employer is not liable for negligence of contractors.

The parts of the banking report creating an appointive commissioner and fixing legal interest rate at 6 per cent and maximum rate at 10 per cent were adopted.

Colonel Robert L. Owen of Muskogee was named to deliver the memorial to congress asking for a deficiency appropriation of \$135,400.

H. G. Brazelton, a negro, shot himself through the neck at Wilburton, I. T., fatally.

Captain Marshall Key, a prominent citizen of Smith county, Texas, was badly run over by a train at Tyler.

### THIRTY-TWO MILLION

John D. Rockefeller Makes a Mammoth Donation.

### GIVEN TO EDUCATION

Through a Letter Written by Son the Many Times Millionaire In Board Holding Session at New York City.

New York, Feb. 8.—Thirty-two millions of dollars' worth of income bearing securities was the gift of John D. Rockefeller, through his son, John D. Rockefeller, Jr., announced to the general education board when it assembled for a special meeting in this city Thursday afternoon.

For general educational purposes throughout the country is given as the purpose of the donation, the largest single prize ever handed out for such purposes.

Mr. Rockefeller previously had given the board \$11,000,000 for the same work. His contributions now amount to \$43,000,000.

The general education board apparently was not prepared for this gift, which was announced simply in this letter:

"New York, Feb. 6, 1907.—The General election board, New York: Gentle men: My father authorizes me to say that on or before April 1, 1907 he will give to the general board income-bearing securities, the present market value of which is about thirty-two million dollars, (\$32,000,000), one-third to be added to the permanent endowment of the board, two-thirds to be applied to such specific objects within the corporate purposes of the board, as either he or I may from time to time direct. Any remainder not so designated at the death of either to be added also to the permanent endowment of the board. Very truly,

"JOHN D. ROCKEFELLER, JR."  
Most of the members of the board were surprised at the announcement and amazed at the size of the gift. Dr. Buttrick, the secretary, said he did not know the gift was to be made until he received the letter. Other members did not know of the donation until the letter was read.

John D. Rockefeller, Jr., remained throughout the session of the board. A reply of thanks was sent.

### LETTERS OF THAW.

Referred to "Blackguard Who Poisoned Her as a Girl."

New York, Feb. 8.—Two of the letters written by Thaw to Mr. Longfellow as his attorney were read Thursday. Though disconnected and jerky, they breathed of the love he bore Miss Nesbit. They constantly referred to that "blackguard who poisoned her as a girl," and say that her name was falsely connected with two others besides that "that blackguard." They told of his coming marriage to Miss Nesbit, and of the "row they want to raise."

Three letters were offered as corroborative testimony which she often declared, in response to objections time after time, are a repetition of the reasons she had given Thaw for refusing to become his wife. They also were offered as tending to show the state of mind of the defendant just after he had heard from her lips the story of the girl he loved and her relations with the man it is claimed he killed as a result of insanity inherited in part and induced by stress of circumstances.

### SIX DROWNED.

Gasoline Launch Hits a Bridge and Is Capsized.

Sacramento Cal., Feb. 8.—Six persons were drowned here Thursday afternoon when the gasoline launch Cyrene struck the draw of the railroad bridge across the Sacramento river and capsized. The drowned were Mrs. A. Jacinto and a Japanese woman and four Japanese men.

The owner of the boat, who was acting as captain, and the engineer and five others were saved. The two women were inside the boat, and went down without a chance to save themselves. Four of the Japanese men, who jumped into the river, drowned before a boat could reach them, while the others either drifted down the river on pieces of freight or swam ashore.

### FINISHED AND PASSED.

All Amendments Offered by Mr. Burton Were Agreed To.

Washington, Feb. 8.—The house completed and passed the river and harbor appropriation bill carrying more than \$83,000,000, with sundry amendments, all of which were suggested by the chairman of the committee, Mr. Burton, of Ohio.

A bill amending the denatured alcohol measure was passed.

### Harriman Visits Office.

### Time Tells the Story

There is a big difference between the cost of making a first-class sewing-machine, embodying the best of materials and workmanship, and one which is made in the cheapest manner. The buyer of the cheap machine soon puts the difference of price in the constant cost for repairs, to say nothing of its annoying inefficiency.

## FARMERS' UNION PLANS.

That the Farmers' union has determined to control the cotton situation, and that there are forces now at work which will bring about such a consummation, a little insight into the plans of this organization will remove all doubt in the minds of anyone who may be sceptical.

For months the leading spirits which are back of the Farmers' union have been at work on a carefully mapped-out plan. Each day brings them nearer to their goal.

They propose to erect a sufficient number of cotton warehouses in the cotton-growing States to house one-half of an average crop. In other words, they expect to have a sufficient amount of warehouse space for September, 1908, to house 6,000,000 bales of cotton, that being considered about one-half of an average crop.

## PLANS OF THE UNION.

The Farmers' union will have warehouse capacity by September, 1908, for 6,000,000 bales of cotton.

They propose to erect on an average, two county warehouses in each of the 712 cotton-growing counties of the South. These will be 1500 bales capacity; and they will have central warehouses of large size to complete the capacity.

In round figures they propose to expend \$10,000,000 before September, 1908, in the erection of warehouses.

The farmers of Texas are out of debt; they have meat and feed and about \$100,000,000 in cash.

The merchants and bankers of the South have entered into the warehouse plan with enthusiasm. It is proposed that the South shall control the cotton situation, and that the minimum price shall be ten cents.—Houston Post.

No other violators of the law are receiving so much attention at the hands of the legislature as the "Knights of the Green Cloth," as numerous bills, covering almost every conceivable form of gambling and games of chance, have been introduced. These measures cover slot machines, raffling, card parties where prizes are awarded the winners, etc. That the drastic features or, at least, some of them will be eliminated is almost certain, but it requires no stretch of the imagination to forecast that more stringent laws along this line will be enacted. Whether the euchre clubs will come under the ban is a question, though we believe the legislature will require the feature of prizes to be discontinued.—Nava-sota Examiner.

## HIT HARD.

Indian Appropriation Bill Receives Some Severe Blows.

Washington, Feb. 8.—The Indian appropriation bill received rough handling at the hands of the senate Thursday. The amendments of the committee, and especially those suggested by the special committee which went to Indian Territory last summer, were nearly all rejected points of order.

The provision which allowed full blood Indians of Indian Territory to sell their surplus lands was defeated by a vote of 51 to 22, which leaves in force the provision of law known as the McCumber amendment, prohibiting the alienation of such lands for twenty-five years.

## SAPULPA'S PROPOSAL.

Substantial Considerations Offered to Locate Capital There.

Guthrie, Feb. 8.—Sapulpa offered a proposition to the constitutional convention to locate the capital of the new state at that place. It was agreed to furnish 100 acres of land, to give \$100,000 cash and to furnish light and heat for the state buildings free of charge for fifty years.

The convention had under consideration an amendment to allow soldiers of the United States army to vote when they are residents of the state, but rejected it and inserted a provision not allowing any soldier to vote.

## CITY COUNCIL.

Regular Meeting Held Last Night—Vig-  
orous Sanitary Campaign to  
be Instituted.

The city council met in regular  
session last night with Mayor But-  
ler presiding and all officers present.

The Bryan Press Company was  
given authority to construct a cot-  
ton platform on the north forty  
feet of Lamar street between the  
Bryan Press Co. press and brick  
warehouse, in consideration for  
which said company agrees to  
plank over and keep in good con-  
dition the south forty feet of said  
street for a period of five years,  
same to be open to the public.

Attorneys Henderson and Lock-  
ett were authorized by contract to  
collect (and bring suit if necessary  
to do so) certain amounts alleged  
to be due the city, as shown by the  
report of the auditors of the city  
records and books last year, and  
still unpaid.

The matter of supplying proper  
drainage on the west side of Bryan  
street from the Myers block cor-  
ner north was referred to street  
committee with power to act.

The secretary reported collections  
of \$12199.06 from all sources from  
Jan. 10 to Jan. 31.

C. E. Jenkins submitted a report  
of the work of the fire department  
the past year and recommended  
the purchase of 500 feet of hose,  
the rebuilding of the steam fire  
engine and the reopening, cleaning  
and filling with water the large  
underground brick cistern between  
the First National bank and Has-  
well's. The hose was ordered  
purchased, and the fire committee  
was instructed to ascertain the  
cost of carrying out the other  
recommendations and report at the  
next meeting.

Mayor Butler suggested that  
the street superintendent be in-  
structed to employ necessary help  
to thoroughly clean up the town,  
and that the marshal require prop-  
erty owners to clean up and put  
their premises in first-class sani-  
tary condition; also that complaints  
be filed against all persons keeping  
hogs in the city limits in violation  
of ordinances. The recommenda-  
tions of the mayor prevailed in the  
form of a motion.

## THE BIG MUSICAL EVENT.

Recital by Miss Mary Carson Kidd Un-  
der Glee Club Auspices at  
College Tonight.

The people of Bryan and College  
have a rare opportunity Saturday  
night—that of hearing one of Am-  
erica's greatest sopranos. A special  
train leaving the I. and G. N. de-  
pot at 7:30 p. m. will take all who  
may go from Bryan.

"Her singing of Michaela's Aria,  
which is the heaviest number in the  
whole score of Carmen, showed  
that her dainty small body held a  
vocal power sufficiently heroic in  
volume to successfully fill the lead-  
ing roles in present-day music-  
dramas, such as those of Puccini  
& Strauss. And truly this seems  
most miraculous as one watches the  
flower-like daintiness of her figure  
and the delicately fine features of  
her face of cameo clearness in cut.

From Carpenter's  
richly beautiful opera, never yet  
given in this country, Miss Kidd  
sang Louise's song of happiness.

The exquisite shading of  
Nevin's "O, That We Two Were  
Maying" and the simple but keen  
sweetness of Long's "Irish Love  
Song," filled the eyes with tears."

W. F. Hoppess has accepted the agency  
of the Trinity and Brazos Valley at Hills-  
boro. Mr. Hoppess was for years cashier  
and ticket agent at Navasota for the Cen-  
tral and is a railroad man of considerable  
merit. While we regret to lose him, we  
understand the position at Hillsboro is in  
the line of promotion. His many friends  
here will be glad to hear from him from  
time to time.—Navasota Examiner.

## LIQUOR CONFISCATION.

Measure Imposing Tax For Transpor-  
tation of Packages Passes.

Austin, Feb. 8.—The senate Friday  
passed finally the house bill imposing  
a tax of \$5,000 upon all express and  
other companies and their agents  
transporting packages of intoxicating  
liquor for payment on delivery. It  
was framed so as to provide confisca-  
tion and distribution of liquor found  
in possession of companies. This new  
law goes into effect immediately upon  
receiving the governor's approval.

The interurban bill as agreed upon  
by the Stone-Webster syndicate and  
other interests was passed finally in  
the senate.

A joint resolution to amend the con-  
stitution providing for the establish-  
ment of a home for wives and widows  
and dependent soldiers of Confederate  
veterans was introduced in the senate  
by Senators Stone and Grinnan. It  
carries an appropriation of \$150,000.

A bill was introduced in the senate  
making wife desertion an offense  
classified as a misdemeanor.

The Galveston causeway bill was re-  
ported favorably in the senate by the  
committee on internal improvements.

The senate Friday morning consid-  
ered Senator Looney's anti-pass bill.  
An amendment exempting newspapers  
as far as exchange of advertising for  
mileage was concerned was taken up.

## ADVALOREM TAX BOARD.

Favorable Report Has Been Made on  
Kennedy and Neblett's Bill.

Austin, Feb. 8.—The revenue and  
taxation committee of the house Fri-  
day morning reported favorably the  
Kennedy and Neblett's bill to estab-  
lish a state advalorem tax board, com-  
posed of the governor, secretary of  
state and comptroller. This board's  
duty will be to estimate the expenses  
of the state each year and fix the tax  
rate accordingly.

The indications are that the commit-  
tee on public health will report favor-  
ably the bill to have only one medical  
board with a few changes. A session  
was held by the committee Thursday  
night until after midnight in hearing  
arguments of doctors of different  
branches of medicine. Alopathic doc-  
tors favor a single board.

The committee on carriers held an-  
other session Friday morning to hear  
arguments of railroad attorneys  
against a reduction of passenger fare.

## EXPRESS FOR BAILEY.

Paper Heretofore Against Senator Is  
Now Favorable to Him.

Austin, Feb. 8.—The San Antonio  
Express, heretofore an opponent of  
Senator Bailey, is now supporting him.  
It was announced Friday morning  
that ex-Governor Francis and Con-  
gressman Henry would be here Satur-  
day afternoon to testify before the Ba-  
iley investigating committees.

## PENROSE COURT MARTIAL.

Railroad Men Testify to Seeing Ne-  
groes Firing on Police Lieutenant.

San Antonio, Feb. 8.—F. A. H. San-  
borne, manager of the Western Union  
Telegraph company's office at Browns-  
ville, was the first witness before the  
Penrose courtmartial at Fort Sam  
Houston Friday. Under cross-exami-  
nation he testified to seeing a man in  
United States army uniform going into  
the gate of Fort Brown on Aug. 13,  
the night of "shooting up" of Browns-  
ville. He could not say whether the  
man carried a gun or a club. Later he  
saw several men come from the direc-  
tion of the officers' quarters.

C. B. Chase, a locomotive engineer,  
who stopped at the Miller House, told  
of being awakened by shots and see-  
ing men dressed in soldiers' uniforms  
firing on the lieutenant of police.

Joseph Belden, a fireman, told of  
seeing negroes dressed in army cloth-  
ing firing on the police lieutenant.

## MORE LAND FLOODED.

Davis Island, Below Vicksburg, Four  
Feet Under Water.

Vicksburg, Miss., Feb. 8.—More low-  
lands are under water. Davis island,  
about twenty-five miles south of  
Vicksburg, where the levee broke last  
week, is now four feet under water.  
The planters there had time to move  
their stock and tenants, but it is ex-  
pected some of the houses will be  
washed away.

The Louisiana levee board has  
strong forces of men with barges of  
material at convenient distances along  
the Louisiana shore ready for an em-  
ergency, and the levees are watched day  
and night. There is no fear of levees  
being cut, as they are higher this  
year than in preceding year, and the  
towns and villages have no fear of in-  
undation. When a town is threatened  
there is danger of a cut being made to  
divert the water.

## ENGLE DAM.

Attempt to Tax Texas and New Mexico  
Land Owners Entire Cost.

Washington, Feb. 8.—The house ap-  
propriations committee heard argu-  
ments on the Engle dam, in which it  
is attempted to tax Texas and New  
Mexico land owners the entire cost of  
the dam—\$7,000,000.

Congressman Burleson protested and  
told the committee that Texas and  
New Mexico would let the government  
pay the entire cost to fulfill the treaty  
obligation with Mexico instead of the  
states asking the government to con-  
tribute only \$1,000,000.

## FIVE MORE CARRIERS.

Postoffice Department Will Increase  
the Force at Dallas.

Washington, Feb. 8.—To accommo-  
date the increased postal business of  
Dallas, Tex., the postoffice department  
will, beginning on the 11th, employ  
five additional carriers. These posi-  
tions will be permanent.

To our Customers:

The year 1906 has passed into history. It goes on record as  
one of the most successful years in the history of this section.

Our sales have been very satisfactory. We have striven  
hard in every possible way to attain this result; but much credit  
is due our many customers, whose regular and ever increasing  
patronage helped to swell the grand total.

Whether your contribution in the way of purchases was  
large or small, we extend our sincere and heartfelt thanks, and  
we assure you our relations have been very pleasant to us be-  
yond the mere transaction of business.

We shall continue an aggressive campaign for your business,  
seeking to win it by deserving it and serving you to the very  
best of our ability, in every respect.

Wishing you, one and all, a happy and prosperous year,

### CORRIDORS CROWDED.

Great Throngs Cleared For Admis-  
sion to Judge Fitzgerald's Court.  
New York, Feb. 8.—Great crowds be-  
sieged the doorway of the criminal  
court building Friday. The crowd  
soon became thronged with curious  
persons, who clamored for admission  
to the Thaw trial. One of the windows  
of the "Bridge of Sighs," which leads  
across the street from the tombs to  
the criminal court building, was up  
about eight inches. The crowd in the  
streets soon discovered this and gath-  
ered several hundred strong and wait-  
ed patiently in the belief that they  
might catch a glimpse of Harry Thaw  
on his way to the court. The doors of  
the courtroom were not opened until  
10 o'clock and care was taken to see  
that those whose business compelled  
their attendance at the trial had the  
first opportunity to enter. Then a  
number of those who fought their way  
through the police lines to fill the  
room to its utmost seating capacity  
were admitted. There were not more  
than half a score of women among the  
spectators. They waited with evident

HOWARD NESBIT.  
[Evelyn Thaw's brother.]

impatience for the prisoner and his  
wife to make their appearance.  
Justice Fitzgerald took his place on  
the bench at 10:35 and Thaw was  
called to the bar. The defendant, for  
the first time since the trial began, lost  
the spring in his steps, and instead of  
walking briskly to his place at the  
table of his counsel he moved hesitat-  
ingly and looked constantly from left  
to right about the courtroom. The  
crowd seemed to annoy him. His  
pallid face broke into a faint smile as  
he recognized his brother, Edward,  
who was the only member of the fam-  
ily in court.

"Call Mrs. Evelyn Nesbit Thaw to  
the stand," requested Mr. Delmas of  
the clerk. When she appeared and  
took her place in the big witness chair  
Mrs. Thaw was dressed precisely as  
on Thursday. She was extremely pale  
and her lips trembled visibly as she  
replied to the first simple question  
asked her by counsel. This was after  
Mr. Delmas stated that before any  
oral testimony was taken he would  
continue to read the postscript of the  
last letter offered in evidence Thurs-  
day.

Mr. Delmas read several letters.  
One, written to Mr. Longfellow by  
Thaw while at Paris soon after he  
heard from Evelyn Nesbit, said, in  
part: "Thank you for sending \$50  
and \$20 for White's telegram. I know  
a contented woman is happy. If you  
hear anything please cable, but I think  
it will be secret. Being honest has  
finished me." The next letter was very  
brief and was written by Thaw after  
reaching New York. "Dear Longfel-  
low," it read, "enclosed find check.  
Send a \$10 bill (always clean) in first  
typewriting tomorrow. Send \$50 to  
May. Thank you more than ever,  
which is a great deal. I have nothing  
to live for. Yours.—H. K. Thaw."

The next letter contained these  
words: "Slept many hours. Saw  
many Pittsburghers on the train. Mr.  
and Mrs. George Carnegie should be  
and Mrs. George Carnegie should be  
your loving sister and brother-in-law.  
I'm so glad the duse dress is pretty  
for you. I wish I always knew you  
would wear it first for me. I have  
something important to tell you when  
I see you. I saw all through it. I be-  
lieve you are hypnotized, but I know  
it is not your fault and you meant no  
wrong. I want you to know I shall  
never hurt you. You know I never lied.  
I gave you my sacred word that my  
hope would be realized."

Mrs. Thaw told of going to Abe  
Hummel's office with Stanford White.  
The lawyer put in the paper "a lot  
of stuff about me being carried off by  
Harry Thaw against my will and a lot  
of stuff that was not true. I started to  
interrupt him, but he would not let  
me. I signed absolutely nothing in  
Hummel's office," said Mrs. Thaw.

Mrs. Thaw said Harry accused her  
of having improper relations with  
White after her return from Europe.  
"I said it is a lie, I had not," she  
stated.

Mrs. Thaw testified she signed a pa-  
per in Madison Square Garden build-  
ing which White said had no signifi-  
cance and the paper was afterward  
burned in Hummel's office. Mrs. Thaw  
also said White tried in vain many  
times to have her come to see him  
alone. "He cried and said I was not  
a human being,"

San Francisco, Feb. 8.—The largest  
drydock in the world, with a stone  
and concrete basin big enough to hold  
any two battleships of the United  
States navy at one time, is about to  
be constructed at Hunter's Point by  
the San Francisco Drydock company  
at a cost of \$1,250,000. The land has  
already been surveyed adjacent to the  
two docks the company already has in  
operation and work will be rushed to a  
speedy completion.

### War Feared.

Washington, Feb. 8.—An outbreak  
of war is feared in Central America.

### COCKE'S EXPENSES.

Matter Discussed at Length and Final-  
ly Went Over.

Austin, Feb. 8.—The house Thursday  
afternoon spent considerable time in  
considering Mr. Jenkins' resolution to  
authorize the payment of Mr. Cocke's  
expenses upon the trip to St. Louis  
and elsewhere with the subinvestigat-  
ing committee.

A motion to table the resolution fail-  
ed by a vote of 50 to 53, and then  
the resolution went over until Friday  
under the rules.

Further consideration of the Bas-  
kin liquor traffic bill and substitute  
by Mr. McGregor was postponed until  
Feb. 12.

The house took up for consideration  
committee substitute for the five anti-  
lobbying bills.

Mr. Ray offered his bill as a substi-  
tute for the bill.  
Mr. Robertson of Travis offered a  
substitute for the Ray substitute. He  
made a distinction in favor of the  
presidents of corporations or other  
persons directly interested in legisla-  
tion and paid lobbyists.

Mr. Duncan spoke at length in favor  
of the committee bill, holding that the  
measure proposed by Mr. Robertson  
did not prohibit lobbying at all, al-  
though, of course, committee substi-  
tute was an improvement upon the  
anti-lobbying bill of Governor Folk of  
Missouri. He read from a speech of  
Governor Hogg defining lobbyists, and  
he declared that not only should paid  
lobbyists be barred, but also the lob-  
bying committees of such organiza-  
tions of those of the sheriffs, county  
judges, county clerks, etc., which he  
said had in recent years built up trusts  
to make assaults upon the legislature  
for higher fees.

Mr. Thompson agreed that the leg-  
islature ought not to attempt to  
abridge the rights of citizens to peti-  
tion the legislature, and he declared  
that the committee substitute would  
be in favor of the interests.

Judge Duncan gave notice of an  
amendment to meet the objection  
made by Mr. Thompson, and several  
others gave notice of such amend-  
ments.

At the night session the following  
local house bills were passed:

Creating Stephenville independent  
school district; Quanah independent  
school district; Caldwell county road  
law; bill changing time for holding  
county court in Gonzales county.

The following local senate bills were  
advanced to third reading: Road laws  
for Henderson, Wharton and Lavaca  
counties; abolishing Couch independ-  
ent school district; creating Bowie in-  
dependent school district; road law  
for Coryell county; repealing law for  
Leon county.

### SAN JACINTO BATTLEFIELD.

Senate Committee Will Look After  
Needed Improvements.

Austin, Feb. 8.—The senate on  
Thursday adopted the resolution of  
Senator Griggs providing for the ap-  
pointment of a committee to visit San  
Jacinto battlefield, in connection with  
a similar committee from the house,  
and report on the needed improve-  
ments at this proposed state park. The  
chair appointed on the committee Sen-  
ators Barrett, Skinner, Willacy, Stone,  
Chambers, Watson, Veale and Ter-  
rell.

The bill of Senator Meachum to in-  
crease pay of penitentiary guards was  
discussed without action.

### Liquor Traffic Committee.

Austin, Feb. 8.—The committee on  
liquor traffic agreed to take up the  
high license bill by Mr. Love of Dallas  
and Mr. Mason, and the beer inspec-  
tion bill by Mr. Love of Williamson  
and Mr. Jenkins next Tuesday even-  
ing.

### LEISHMAN INSISTENT.

Urges Upon Sultan Necessity of Rec-  
ognizing American Schools.

Constantinople, Feb. 8.—Wearied  
with the delays so characteristic of  
Turkish officialdom, the American am-  
bassador, Mr. Leishman, has suddenly  
raised to prominence the question of  
the recognition of American schools by  
communicating directly with the sul-  
tan, urging the necessity of prompt  
settlement of the question. The min-  
isters thus ignored have been stirred  
into unwonted activity, and depart-  
ments concerned acting, it is under-  
stood, under orders from the sultan,  
have entered into negotiations with  
the embassy. The question was set-  
tled in principle nearly three years  
ago, but obstructiveness and dilatori-  
ness on the part of the porte delayed  
official ratification of the agreements.

### LARGE LIABILITIES.

S. B. Kelley Has Filed a Voluntary Pe-  
tition In Bankruptcy.

Texarkana, Feb. 8.—S. B. Kelley of  
Homar, Ark., has filed a voluntary pe-  
tition in bankruptcy in the Federal  
court here. Mr. Kelley places his li-  
abilities, which are really those of the  
S. B. Kelley Lumber company, of  
which he is president, at \$31,500. As-  
sets are nominal.

### Remanded Until April.

El Paso, Feb. 8.—The United States  
district attorney Thursday asked the  
United States commissioner to dismiss  
Antonio Villareal from the extradition  
charges. Villareal's attorneys protest-  
ed against the motion, demanding a  
trial. Commissioner Howe said he  
was entitled to a trial, and remanded  
him until April.

### Confederate Pension Bill.

Washington, Feb. 8.—Representative  
Slight of Mississippi introduced a bill  
in the house providing that Secretary  
Shaw shall divide the cotton tax fund  
among the cotton growing states for  
use in pensioning Confederate soldiers  
and their widows.

### Ex-Governor Leslie Dies.

Helena, Mont., Feb. 8.—Former Gov.  
P. H. Leslie died at his home, aged  
eighty-eight years. Mr. Leslie had  
been governor of Montana and of the  
territory of Montana.
